The Jewish holidays come fast and furious this time of year: The same could be said for the more than 500 gay Jews and goyish friends who hit Slate Saturday night for the annual High Homodays party thrown by [Hebro](#), a social group for the Children of Moses who are also Friends of Dorothy.

Also on hand were *Princesses: Long Island* cast members Chanel Omari and Joey Lauren (above) and porn mogul Michael Lucas, who we have it on good authority was *not* searching for a nice Jewish boy to take home to his mother.
